WALLFLOWER™

PRODUCT LIMITED WARRANTY

Blizzard Lighting, LLC hereby warrants that its products shall be free of manufacturing defects in material and workmanship for a prescribed period from the date of purchase (see specific warranty period below). This warranty shall be valid only if the product is purchased within the United States of America, including possessions and territories. This warranty shall be valid only if the product is purchased from an authorized dealer appointed by Blizzard Lighting, LLC. It is the owner's responsibility to establish the date and place of purchase by acceptable evidence.

For warranty service you must obtain a Return Authorization number (RA#) before sending back the product. Contact Blizzard Lighting, LLC's Service Department at support@blizzardlighting.com. Send the product only to the Blizzard Lighting, LLC factory. All shipping charges must be prepaid. If the requested repairs or service (including parts replacement) are within the terms of this warranty, Blizzard Lighting, LLC will pay return shipping charges only to a designated point within the United States. If the entire instrument is sent, it must be shipped in its original package. No accessories should be shipped with the product. If any accessories are shipped with the product, Blizzard Lighting, LLC shall have no liability whatsoever for loss of or damage to any such accessories, nor for the safe return thereof.

This warranty is void if the serial number has been altered or removed; if the product is modified in any manner which Blizzard Lighting, LLC concludes, after inspection, affects the reliability of the product; if the product has been repaired or serviced by anyone other than the Blizzard Lighting, LLC factory unless prior written authorization was issued to purchaser by Blizzard Lighting, LLC; if the product is damaged because not properly maintained as set forth in the instruction manual.

This is not a service contract, and this warranty does not include maintenance, cleaning or periodic check-up. During the period specified above, Blizzard Lighting, LLC will replace defective parts at its expense with new or refurbished parts, and will absorb all expenses for warranty service and repair labor by reason of defects in material or workmanship. The sole responsibility of Blizzard Lighting, LLC under this warranty shall be limited to the repair of the product, or replacement thereof, including parts, at the sole discretion of Blizzard Lighting.

Blizzard Lighting, LLC reserves the right to make changes in design and/or improvements upon its products without any obligation to include these changes in any products therefore manufactured.

No warranty, whether expressed or implied, is given or made with respect to any accessory supplied with products described above. Except to the extent prohibited by applicable law, all implied warranties made by Blizzard Lighting, LLC in connection with this product, including warranties of merchantability or fitness, are limited in duration to the warranty period set forth above. And no warranties, whether expressed or implied, including warranties of merchantability or fitness, shall apply to this product after said period has expired. The consumer's and/or Dealer's sole remedy shall be such repair or replacement as is expressly provided above; and under no circumstances shall Blizzard Lighting, LLC be liable for any loss or damage, direct or consequential, arising out of the use of, or inability to use, this product.

This warranty is the only written warranty applicable to Blizzard Lighting Products and supersedes all prior warranties and written descriptions of warranty terms and conditions heretofore published.

GETTING STARTED

What's In The Box?

- 1 x WallFlower™ LED Effect
- 2x 3M Brand Mounting Squares
- This Lovely User Manual

Main Features:

- Easy to use, plug and play
- Sound active w/built-in microphone
- Power output: 8W, 48x 5mm R/G/B LED's
- Long life: 20,000+ hours
- Working environment temperature: 32°-104° F
- Operation modes: auto + sound active modes
- Input voltage: 90V-240V AC 50-60Hz

Congratulations on your purchase of the WallFlower™ LED effect! It's an easy to use, beautiful LED effect that features auto and sound active modes. So, now that you've got your WallFlower™ (or hopefully, *WallFlowers!*), you should carefully unpack it and make sure it is in good condition. If anything looks as if it has been damaged in transit, notify the shipper immediately and keep the packing material for inspection. Again, please save the carton and all packing materials. If a fixture must be returned to the factory, it is important that the fixture be returned in the original factory box and packing.

SAFETY INSTRUCTIONS

- This product is intended for indoor use only!
- To prevent risk of fire or shock, do not expose fixture to rain or moisture.
- Maximum ambient temperature is 104°F (40°C). Do not operate fixture at higher temperatures.
- Never try to repair the unit by yourself. Repairs carried out by unskilled people can lead to damage or malfunction.
- Make sure the power cord is never crimped or damaged.
- Never disconnect the power cord by pulling or tugging on the cord.

CAUTION! There are no user serviceable parts inside the unit. Do not open the housing or attempt any repairs yourself.

If something is wrong, just give us a call or send an email.
We'll be happy to help, honest.

USAGE INSTRUCTIONS

Powering It Up!

The WallFlower is a great little plug and play effect light fitted with 48x 5mm R/G/B LED's, and only uses a tiny 8-watts of power while giving off an impressive color chasing display in multiple patterns. **Just plug it in and watch it go!**

OPERATING MODES

Auto and Sound Active Modes

In auto mode, the WallFlower™ will automatically run through all of its various built-in programs. In sound active mode, it will use its built-in microphone to switch programs to the beat of music. To switch between auto and sound active modes, you will need to insert a **non-metallic object, such as wood or plastic**, into the hole found on the top of the unit to push the mode switch button found within:

Mode Switch Button

WARNING - Do not use any type of electrically conductive metallic object to push the mode switch button. It is possible that you may accidentally short out or damage internal components. Use a non-metallic object such as wood or plastic!

Mounting:

On the back side, the WallFlower™ has two mounting holes that are designed to slide and lock onto the head of a standard flat-head screw. And for your convenience, 2x double sided mounting tape squares are also included.

Tuck the power cord into the slot on the back of the unit before mounting the fixture onto a flat surface/wall.
